# Kristina Conner, CPA

## Manager, Advisory

**Orange County - Santa Ana**  
2010 N Tustin Avenue  
Santa Ana, California 92705

## Overview

Kristina has over 20 years of accounting experience in both public accounting and private sectors. She started her accounting career as an auditor focusing on compliance audits before moving into technology as a finance professional.

As an Intacct Implementation Specialist, Kristina utilizes cloud-based technology software to create efficiencies for her clients, along with powerful business information reporting. She follows Intacct recommended methodology and project management for a successful implementation.

Kristina also provides consulting services to help design and optimize systems to help clients meet the needs of both operational and financial reporting metrics. She strives to drive business transformations with process changes and streamline system integrations with third-party applications, such as Bill.com, to ensure a completely optimized user experience. She helps clients in the real estate, construction, family office and technology industries.

Kristina Conner holds an active CPA license in California.
