

Mexico & Latin America Tax Services

Overview

Making a difference in U.S.-Mexico & Latin America business

BPM's Mexico & Latin America (M&LA) Tax Services Group provides support for companies engaged in cross-border investments and business between Mexico, other countries in Latin America, and the U.S. If you are considering market entry, considering an M&A or joint venture transaction, or seeking to optimize existing operations, we can help you identify and implement appropriate tax strategies and navigate associated risks. As a Bay Area-based group of bilingual professionals working closely with our Allinial Global colleagues in Mexico/Latin America and worldwide, we deliver comprehensive services to global clients.

Mexican & Latin American investment into the U.S.

The U.S. continues to be an increasingly attractive destination for Mexican and Latin American investors. BPM's M&LA Tax Services Group has extensive experience working with Mexican & Latin American executives to help them identify developing opportunities and execute tax-effective strategies for their investments into the U.S. Our M&LA Tax Services Group also leverages its collaborative relationships to bring together multi-disciplinary teams across borders to help Mexican and Latin American companies derive significant and enduring value from these cross-border activities and position themselves for global success in their industries.

Our tax and other multi-disciplinary service lines for Mexican and Latin American investors into the U.S. include:

- Cross-border tax and business structuring services
- Global transfer pricing services to meet U.S., Mexico and other jurisdictional requirements
- M&A and joint venture transactions services, including multi-jurisdictional tax planning, transaction evaluation and analysis, and transaction execution support
- Inbound real estate investment planning and structuring services
- Multi-state nexus planning and studies
- Comprehensive Federal, state and local tax compliance services
